## EXPERIENCE

<b>Ernst &amp; Young LLP</b> – <i>Financial Reporting Assurance Staff (ConocoPhillips)</i> ; Houston, TX	September 2015 – December 2016
• Performed financial reporting assurance for the top oil and gas exploration and production company as the primary staff for the Alaska and Corporate Business Units and honed critical thinking abilities through the performance of accounting systems testing	
• Developed communication skills through facilitation of meetings between the client and the engagement team to determine and address accounting risks, internal control risks, and audit risks	
• Created internal macro in Excel to quickly retrieve oil and gas pricing and production data with increased accuracy and efficiency from a variety of external sources to determine oil and gas valuation saving ten hours of budgeted work time per week	
• Obtained the highest internal performance rating by exceeding company set goals related to operational excellence, client communication, and team performance	
<b>Financial Reporting Assurance Intern (ConocoPhillips &amp; BP Wind JV)</b> (January 2013 – March 2013)	
• Worked with the client and assisted on performing financial statement analytics, testing of accounting balances, and controls testing over debt, cash, accounts receivable	
• Developed quantitative analysis skills through performance of all substantive procedures and variance analyses related to three wind farms and worked with client to understand and establish account valuations	
• Worked closely with the engagement team manager and client on appropriateness of transaction disclosures	
<b>Yvonne Lau, CPA</b> – <i>Operations Intern</i> ; Houston, TX	May 2012 – August 2012
• Performed data entry tasks and developed Microsoft Excel macros and shortcuts for ease of future data entry to improve operational efficiency
